5/ In regard to para 3 of the Deputy Commissioner's letter, the Board was not called upon to meet the charges in question merely because a Chief Sanitary Inspector took the ~~place~~ place of the District Health Officer but with the object of observing the principle enunciated in para (2) of Article 192 of the Mysore Account Code (Vol.I) Viz., that the charges for the ~~suppression~~ suppression and prevention of plague including the erection of sheds should ordinarily be borne by the local bodies concerned.

6/ The orders of Government have been sought for in this office No. C.33-3 dated the 4th September 1923 to specifically include the charges among those payable by local bodies and pending the issue of a definite ruling on the subject, there seems no objection to the present claim being waived, - under the circumstances explained by the Deputy Commissioner.

5.	From the Sanitary Commissioner no C.33-8 of 25.9.24. States that for reasons given he is not in favour of issuing the post order in regard to the debiting of the whole cost on account of anti plague serums to post funds. Orders. The reasons given by the Sanitary Commr. are as follows:— 1) The analogy of Europe medicines does not hold good, because some of the charges of the 27 dispensaries are being met by local bodies, while in regard to antiplague measures, inoculation is the only measure which involves expenditure. The order will result in throwing the whole expenditure on post

Note.—Conton. sheet.

File No. San 12 of 1923

General and Revenue Secretariat

Serial No.

24/ Under Govt Spl Fc no 6381-921 San 2558-07-33 dated the 8th March 1922, the local bodies have to bear the ordinary charges for suppression & prevention of plague including the erection of sheds; when however the local bodies are unable to meet these charges in full, the question of a grant-in-aid from Plague funds will, on Special application, be considered & dealt with on its merits. Under the rules 8 & 9 of the rules for combatting epidemics, Fc no G. 2137I-402 San 1055-R of 25. 5. 1915, the Taluk authorities have to stock medicines & disinfectants in the Taluk Offices for being issued when an epidemic breaks out.

25/ From these it will be seen that the whole cost on account of combating epidemics, except the cost of anti plague serum, is debitable to local funds & the local bodies have to provide suitable funds for the purpose in their budgets.

26/ In connection with the supply of Medicines Chests to the Chief Sanitary Inspector of the Chittaboory Dt, the Sanitary Commissioner wrote that the supply of Medicines Chest was for rendering medical aid readily in emergencies & not for his personal use and the cost of medicines indented for amounted to Rs 442-6-2 which by various disallowances could be reduced to Rs 300. This was sanctioned, the Collector being asked by the D.H.O.

35 In Government Order No. L.3272-92/San. 12-23-6 dated the 29th October 1924 the concessio as to free supply is limited to anti-plague serum. This concession cannot, in my opinion, be extende to the inoculation accessories such as kapadia's lamp, vaseline, tincture iodine, absorbent cotton, syringe and needles, - for all of which the Board have to pay just as in the case of other articles usually indented for in connection with epidemics. I may note that in supplying these accessary articles, the stock in the Medical Stores intended for Hospitals and Dispensaries in the State has to be drawn upon and that unless the District Boards pay for the articles, the normal supply to Hospitals and Dispensaries will be interfered with.

36 In the case under disposal, it will be noticed that besides inoculation accessories, potassium permanganas pills, an outfit for giving quinine injections and a clinical thermometer have been supplied. All these fall under the category of items chargeable to the District Board, being required either in connection with epidemics or for combating pronounced unhealthy conditions in particular localities.

Sau 12-23-9

Sir,

THROUGH THE SENIOR SURGEON IN MYSORE

In submitting herewith the correspondence received from the Superintendent, Medical Stores, regarding the adjustment of the cost of medicine supplied to the Chief Sanitary Inspector, I have the honour to observe that the payment of the bill is -- claimed as per standing orders embodied in para (2) of article 192 of the Mysore Account Code Vol: I.

According to the Government Order of 1914 quoted therein, the Local Bodies have to be asked to bear the charges for the suppression and prevention of plague under the circumstances mentioned therein.

So long as there was separate District Health Officers to advice the Local Bodies, they were not called upon to meet the bills under reference, and it is not understood how the articles supplied to the Chief Sanitary Inspector who has taken the place of District Health Officer and whose pay and Travelling allowance are debited to Government should be paid for by the District Board The Board's finances are by no meand satisfactory.

No provision has been made in the District Board Budget nor has any requisition been made (so far as the Office is aware)

19

for any provision being made for the purpose.

In these circumstances I hope you will kindly view the case sympathetically and arrange to meet the bills from State Funds as heretofore.

The question was considered by the Board at their meeting held on 29th May 1924 and a copy of the resolution of the Board is herewith submitted for information.

I have the honour to be,

Sir

Your most obedient servant,

for President,

Kadur District Board.

JWW 22/8/24

the Medical Officer or Subordinate in this connection as well as for the plague serum the local bodies have to pay nothing and the case falls short of the analogy mentioned, in-as-much as the expenditure is all on the side of Government.

I am not aware of the reasons adduced by the several local bodies against the proposal, but I take it that they may be summed up as the general expression of inability, or perhaps unwillingness, on their part to bear the cost themselves. In my opinion, this constitutes no reason why an expenditure which is clearly of the nature of an obligation on the local bodies - should be thrown on ~~in~~ Government. I would add that the enlarged powers and scope of self-determination granted to the local bodies, - under the scheme for the development of Local Self-Government, imposes on them the obligation to accept without demur all responsibility for safeguarding the health of the people, instead of continuing to look up to Government for small succour of the kind under consideration.

One other fact I wish to mention is that Anti-plague serum can by no stretch of imagination be classed as a "Europe Medicine". It is a prophylactic like vaccine lymph (for small-pox) the cost of which is borne by the local bodies concerned. You are not unaware that in connection with relapsing fever, the payment of the cost of neo-salvarsan (which has certainly more claim to be included under Europe Medicines than anti-plague serum) has in a recent Government Order, been made obligatory on the local bodies. It does not stand to reason why the prophylactic measures pertaining to a similar epidemic diseases should be placed on a different footing altogether. The relatively more extensive prevalence of plague as compared with relapsing fever makes no difference in the principle involved. As against this, the cost per dose of anti-plague serum is only two annas as against as many rupees in the case of relapsing

relapsing fever.

After a careful consideration of all these points, I am not in favor of the proposed draft order.

I have the honor to be,

Sir,

Your most obedient servant,

Wilkinson

OFFICE OF THE PRESIDENT,
Kadur District Board,

Dated, Chickmagalur 4th December 1924.

From.

B. Sreenivasa Iyengar, Esquire, B.A., B.L.,

President, District Board,
Kadur District,
CHICKMAGALUR.

GENERAL & REVENUE SECRETARIAT. 3718 - 6. DEC. 1924 LOCAL SELF GOVT. BRANCH

6 DEC. 1924 To EDUCATION

B. Nagappa, Esquire, Bar-at-law.,

Secretary to Government,
Local and Legislative Departments,
BANGALORE.

Sir,

Adverting to Government Order No. L. 2471-4/San. 12-23-3 dated the 19th September 1924 directing that the cost of medicines supplied to the Chief Sanitary Inspector be borne by the State Funds, in respect of certain bills prepared by the Superintendent Medical Stores, I have the honour to state that the Superintendent in his memo No. 1698 dated 25th October 1924 (Copy enclosed) contends that the said order refers to the particular bills then submitted and does not apply to the supply of medicines made from the Stores to the Chief Sanitary Inspectors from time to time on his indents.

2. The decision of the Government though passed with reference to the then pending bills is evidently based on the unofficial opinion of the Senior Surgeon according which the same arrangement should hold good pending final orders on the question of the Local bodies paying the charges connected with suppression of plague and other epidemics.

In this connection I would invite kind reference to the observation made by the Senior Member of Council in his Tour Notes for April 1924 page 7 " It was found that the cost of plague Serum and other medicines supplied to the Chief Sanitary Inspector is being charged to the District Board. This does not appear to be regular. The matter may be examined by the Secretariat ".

3. It has been observed in Government Order No. L. 327-92/San. 12-36-6 dated 29th October 1924 that the cost of Serum supplied to Local bodies be borne by the State as heretofore.

4. As observed by the Member in page 7 of the Tour Notes, the financial condition of the Kadur District Board requires careful handling, particularly in view of the fact that the flood damages of 1923 and 1924 have thrown additional burden for the restoration of communication in the affected tracts.

5. In these circumstances, I beg to submit that Government may sympathatically consider the representation and authorise the supply of the Chief Sanitary Inspector free of cost of medicines required by him for the suppression of plague and other epidemics as heretofore.

6. The bills since received for payment from the Superintendent of Medical Stores in respect of medicines, etc. supplied to the Chief Sanitary Inspector is submitted herewith for favour of perusal.

I have the honour to be,

Sir,

Your most obedient servant,

for President,

Kadur District Board.

Memo No. 1698/2 dated 25th October 1924 from the Superintendent Medical Stores to the President, Kadur District Board.

Returned with compliments stating the Government Order referrs only to the past two bills and not to this bill. Hence the bill - may kindly be adjusted immediately and the fact intimated to this Office early or a general order may be obtained for all such bills.

" C O P Y "

for President,
Kadur District Board.

35513

No. L.B. 434 / 24-25.

OFFICE OF THE PRESIDENT,
Kadur District Board,

Dated, Chickmagalur 17th February 1925

From

G. Heblikar, Esquire, B.A., LL., L.

President, District Board,
Kadur District,
CHICKMAGALUR

To

B. Nagappa, Esquire, Bar-at-law.,

Secretary to Government,
Local and Legislative Departments,
BANGALORE.

Sir,

I have the honour to submit herewith a copy of docket No. 3623 dated 5/6th February 1925 received from the Superintendent Medical Stores, Bangalore regarding the adjustment of bills for the supply of medicines to the Chief Sanitary Inspector and to request that early orders of Government may kindly be obtained on the representation of this District Board submitted with this Office No. L.B. 434/24-25 dated the 2nd December 1924, as the Superintendent has been repeatedly urging for payment of the bills in question.

I have the honour to be,

Sir,

Your most obedient servant,

For President,

Kadur District Board.

N.R.

Letter No. 3623 dated 5/6th February 1925 from the Superintendent, Medical Stores, Bangalore to the President, Kadur - District Board.

In inviting his kind attention to his No. L.B. 434 dated 18-12-1924 intimating that the bill No. 106 dated 27-11-1924 for Rs. 20-4-0 has been referred to Government for orders, has the honour to request to be kindly informed if the Government Orders have since been received in the matter. As the payment cannot be postponed more than 3 months the amount of the bill may now be adjusted at once under protest and orders obtained afterwards if necessary. The fact of having adjusted the bill may kindly be intimated immediately.

" C O P Y "

For President,

N.R. Kadur District Board.
